

# DRAFTING THE BLUEPRINT

Building Friends

A MALF Workshop Series

As libraries adapt to meet the ever-changing needs of patrons, Friends of the Library groups must also evolve. While the need itself is readily apparent, many organizations struggle when it comes down to actually formulating a plan and putting it into motion. This year, MALF's 2013 summer workshop series, "Drafting the Blueprint: Building Friends," will focus on bringing the Friends of the Library concept fully into the twenty-first century. Host and keynote speaker: Ann Walker Smalley.
